From The D C Mandya Dt

No As-225/41-42 Dy 6 & 1942

Reds for sanction certain proposals for the drainage scheme for Belakavadi minor mdy at an estimated cost of Rs 51,700 the first stage of the scheme estimated to Cost Rs 10640 being taken up during the current year, the cost being met by Govt and the local municipal Council in equal proportions

The estimate for Rs 51700 for the drainage scheme appears to be rather costly for a small place like Belakavadi The Cost of the scheme is proposed to be met by Govt and the local mil Council in equal proportions. It is not known in how many stages the scheme is proposed to be completed

2) It is proposed to undertake the first Stage of the scheme estimated to Cost Rs 10,640 during the current years the cost being shared in equal proportions by Govt and the local municipal Council The Govt share of the Cost amounting to Rs 5,320 will have to be met out of the Current years T P Grant-Rs for the Municipal quota of the Cost amounts to Rs Rs 5320, the D C states that a sum of Rs 2120/- may be had out of the municipal funds and recommends the grant of a loan of Rs 3200 repayable in ten annual instalments in order to enable the

NOTE—Cont Sheet

Drainage Scheme for the Belakavadi municipality

Serial No

Municipal Council to meet the balance of the share of the Cost It is stated that the excess realisations from Mohtarfa amounts to Rs 4000/- is due to revision of taxes would be earmarked towards the repayment of the proposed loan

3) The financial condition of the Mcly is fairly satisfactory. Its income about Rs 8300 and the expenditure is below its income during the current year - The closing balance for the current year is Rs 2400 and the Mcly has a sum of Rs 4202 at its credit in the Govt. Savings Bank

4) Very recently the proposal for the Construction of a municipal office building at Belakavadi has been sanctioned at an estimated Cost of Rs 3800/- towards which a grant of Rs 1900 has been given from out of the T.I. Grant for the current year the Mcly will have to pay the other half of the Cost viz Rs 1900 from out of its funds

5) The file may perhaps be sent to the Chief Engineer, PWD for favour of scrutiny of the estimate and early return in the first instance

6) It will be done after approval

4) Drainage scheme for the Belakavadi minor mkt

File No 89 of 1942 — General and Revenue Secretariat

Serial No

balance of the mkt is Rs 2400 which is above the statutory minimum The mkt has also an investment of Rs 5651 at its credit

The comprehensive estimate for Rs 57,700/- as touring for a minor mkt like Belakavadi if so ordered, the first stage of the scheme costing Rs 10640/- may be sanctioned, as this is a part of the Comprehensive Scheme

The expe may be met by the Govt & the Mkt cl in equal proportions The Govt share may be paid out of the Famine improvement grants for 1942-43 In regard to the grants payable by the Mkt cl, the amount may be met partly out of the investment of Rs 5651 after deducting the amount 1900 required to meet its part of the cost on the contributory system and the balance of Rs 1669/- being made good out of normal funds during the year 1943-44 The adoption of this course would obviate the necessity for a grant or loan to the Mkt as recommended by the D.C This would mean that the work would have to be spread over a period of two years (1942-43 & 1943-44)

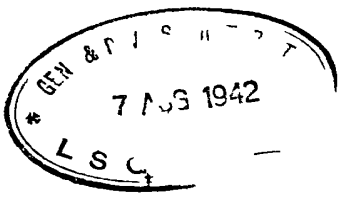
Office of the Deputy Commissioner,
Mandya District,
Mandya, dated, the 4th August 42

From

C M H Ranajodha Singh, Esq , B A ,
The Deputy Commissioner,
Mandya District, Mandya



To

C Narayanaswamy Naidu, Esq , B A , B L ,
The Secretary to Government,
Law Department,
Bangalore -

Sir,

Subject Drainage scheme for Belakavadi Municipality

I have the honour to forward herewith the entire correspondence on the above subject received from the President, Belakavadi Municipal Council, with his report No HC 47/37-38 dated 20-7-42 and to state that a scheme for providing proper drainage to Belakavadi Town is pending since 37-38 and it could not be taken up earlier as necessary plans and estimates had not been prepared

2 The Sanitary Engineer has now prepared an estimate for a comprehensive drainage scheme at an estimated cost of Rs 51,700/- He suggests that the scheme might be taken up by stages He has also prepared an estimate for Rs 10,640/-(being the 1st stage) for taking up the work immediately as a part of the comprehensive scheme

3 The estimates and plans had been sent to the President for obtaining the views of the Couhcil regarding providing funds to meet the quota of expenditure on the first stage The president has reported that the Municipality has a sum of Rs 4,202/- at its credit in the Government Savings Bank and another sum of Rs 1258/- in the Treasury (as closing balance) Out of the amount in the Savings Bank, a sum of Rs 1900/- has been earmarked and has to be withdrawn to meet the Municipal quota for the construction of the Municipal office building as the want of a public building in the town is a long felt want A separate reference has been made in the matter vide letter No A5 2001/41-42 dated 7-7-1942 As the balance left would be insufficient to meet the Municipal quota of the first stage of the Drainage scheme, the Municipal council have in their resolution recorded on 15-7-42 proposed to take a loan of Rs 2,660/- i e , one fourth of the total estimated cost of Rs 10,640/- The president suggests that the entire balance at the credit of the Municipality in the Treasury may be utilised for paying the Municipal quota This proposal is not one which could be easily accepted, as the Municipalit will have no funds left at its credit, if the entire amount is drawn from the Treasury

4 I would therefore suggest as an alternative and a more feasible proposal that a sum of Rs 2120/- may be paid out of Municipal funds and for the balance required to make up the Muninicipal quota of Rs 5320/- a loan of Rs 3200/- repayable in 10 annual instalments may be obtained from Government The excess realisation of about Rs 400/- under Mohatarfa due to revision of taxes being earmarked for the payment of the loan instalments

5 Belakavadi is a Minor Municipality having a limited income and it has not been found possible for the Municipal Council to provide funds for any improvement work in the town so far It is a great thing that they have been able to save some money and are now in a position to meet immediately atleast a portion of their quota in

cash towards the Drainage scheme

6 The drainage work is pending from a long and in the interest of the General health of the town this important work has to be taken up immediately

7 In the foregoing circumstances, I request that sanction of Government may kindly be obtained to the entire scheme and for taking up this year only, the first stage at an estimated cost of Rs 10,640/- by sanctioning a loan of Rs 3200/- to the Belakavadi Municipality, to meet the moiety of the cost and for the grant of Rs 5320/- out the Town Improvement grant for 42-43 to meet the balance of the estimated cost of the 1st stage

8 The records herein enclosed may kindly be returned when done with

I have the honour to be,
S i r,
Your most obedient servant

For Deputy Commissioner,
Mandya District.
